

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
ARIEL RIOS BUILDING - 1200 PENNSYLVANIA AVENUE, N.W.
WASHINGTON, D.C. 20460

JUL 15 2011

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Dear Sir or Madam:

SUBJECT: Cancellation Order for Section 24(c) Pesticide Product Registration(s)

This letter is a final cancellation order, advising you that under Section 4(i)(5)(G) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, EPA hereby cancels the registrations listed on the enclosure for non-payment of the annual registration maintenance fee due January 15, 2011. The **effective date** of this cancellation order is the **date of this letter**.

As the holder of the listed registration(s), you may legally distribute or sell existing stocks of the cancelled products until **January 15, 2012**. Existing stocks are defined as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of this cancellation order.

Some registrations listed on the enclosure may have been cancelled in the past for a reason other than non-payment of the maintenance fee. If this is true for any of your registrations, the effective date of cancellation, the disposition date for existing stocks, and all other provisions of any earlier cancellation order are controlling.

It would be a violation of FIFRA for you to distribute or sell any stocks currently in the United States which have been produced, packaged, labeled or released for shipment after the effective date of cancellation, or to distribute or sell any existing stocks after the indicated disposition date. The Agency also expressly reserves the right to amend the existing stocks provisions of this Order if events should so warrant.

Unless the provisions of an earlier order apply, dealers and users may continue to legally distribute, sell, or use existing stocks of the listed pesticide(s) on hand until their supply is exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected pesticide(s).

Sincerely,

A handwritten signature in black ink, appearing to read "Steven Bradbury", is written over a horizontal line.

Steven Bradbury, Ph.D., Director
Office of Pesticide Programs

Enclosure

Some registrations listed on the enclosure may actually have been cancelled in the past for reasons other than non-payment of the maintenance fee. If this is true for any of your registrations, the effective date of cancellation, the disposition date for existing stocks, and all other provisions of any earlier cancellation order are controlling.

Sincerely,

A handwritten signature in dark ink, appearing to read "Steve Bradbury", with a long horizontal flourish extending to the right.

Steven Bradbury, Ph.D., Director
Office of Pesticide Programs
